

Community Supported Agriculture (CSA) Program 2010 Membership Agreement

Our mission is to establish a sustainable & diversified farm program that improves the land and the health of the community. We aim to provide nourishing food to consumers by farming with organic methods, resulting in nutritionally high quality products at a fair price. Our animals are always treated with love and respect and are able to naturally express their characteristics in a free range environment.

Eating food that is produced locally is good for all of us...together we can bring the family farm back to West Atlanta!

-Andy and Nancy Bray

Membership Agreement

Please register me as a member of Bray Family Farm Meat Community Supported Agriculture (CSA) Program. I understand that farming is a seasonal and unpredictable undertaking, and that exact selections and quantities included in the distribution may change as the season progresses. In joining the Meat CSA, I agree to share in the fluctuations and variations inherent in farming, and understand that my meat will be produced with sound sustainable farming practices.
